Yesterday I was advised by [redacted] Committee on Nominations, American University (AU) Alumni Association, that I have been nominated for the position of President of the AU Alumni Association. I do not know whether or not I will be the one elected. If I am, I would like to accept the position if the Bureau approves. My reasons for wishing to accept are two, one of which is purely personal.

b6

First, in addition to one's parents, most every person is indebted to one or more individuals for important kindnesses and assistance along the often tumultuous and difficult road of life. I am such a person. Upon being graduated from Bucksport Academy, Maine, long years ago, I was awarded a four-year scholarship for my tuition to American University in Washington, D. C., a Methodist College. I was told that this was a scholarship which heretofore had only been given to ministerial students; therefore, I was all the more appreciative because I was a Catholic layman. It was during the heart of the depression and remaining in college was not easy financially. In addition to the scholarship, the University gave me a job waiting on tables for my board. Professors Wesley Gewehr and Delos Kinsman and Dean George B. Woods (at whose home I lived during my senior year) were especially helpful to me. They are all dead and gone now. I know that if they were living they definitely would want me to take this position. I believe we owe gratitude and loyalty to the dead, as well as to the living. Further, I have never been able to do anything in behalf of the University as a whole to which I am so indebted for my college education. This position would at least give me an opportunity to make an effort.

205182-585

Second, AU has over 14,000 students and many, many thousand alumni. This is a period of history in which the universities around the Nation have been catapulted into an arena teaming with youth in conflict. The revolutionary New Left and the violence black student extremists have caused disruption,

RE: AMERICAN UNIVERSITY ALUMNI ASSOCIATION

violence, and confusion in academic communities across the land. The end of this strife is not yet in sight. It is likely to become much worse than it has been. The FBI is deeply involved because of its national security responsibilities. The serious problems we face in this area are almost countless. Needless to say, we have not yet met our responsibilities alluded to in the manner that the great majority of our citizens expect we will. This position with the AU Alumni should give me an entree to certain segments of academic life and lines of communications with participants not otherwise possible. This, I think, can redound to some little benefit at least to the FBI. Hence, I hope that my contribution in this context will be twofold to AU and to the Bureau.

There is, of course, no compensation of any kind involved. As we all know, such a position is a thankless one and not without headaches. This is understood and it is unimportant. It will quite obviously mean some extra work and I have more than enough now. However, this extra work I can handle during some evenings and weekends with no interference with my official duties. This work will be confined to Washington. Parenthetically, may I say I regret the need to explain the personal reason involved in this matter but without it my statement would be inaccurate and incomplete.

RECOMMENDATION:

That if this nomination for the position of President of AU Alumni results in my election, that approval be given for me to accept the position.

[REDACTED] (5)
Administrative Operations - Very Good (Last Inspection - Very Good). Front office and section supervision effective. No substantive errors detected. Stenographic production 2.33 pages per hour, up from previous inspection but substantially below Seat of Government. Voluntary overtime equitably shared and productive. Division economy conscious. Stops on incoming communications reduced from 5 to 4 since last inspection. No unnecessary delays in handling mail or files noted.

Personnel Matters - Very Good (Last Inspection - Very Good). Total personnel 303 (approved complement 314 -- 127 Agents and 187 clerks). Requests made for 2 additional Agent supervisors due to substantial increase in work load Racial Intelligence Section; and 2 clerical employees in Racial Intelligence and Latin American Sections, respectively. Work load in Racial Intelligence Section has increased substantially but based on Inspector's analysis of overall work load, it is believed Division can absorb needed increase of 2 Agents in Racial Intelligence Section and still reduce complement by 2 Agent supervisors, thereby reducing Agent supervisory staff from 127 to 125 (previously cut from 130 to 127 when streamlining security procedures adopted). Based on increased work load in Racial Intelligence Section, addition of 1 clerk believed justified (handled separately). Request for additional clerk in Latin American Section not justified due to reduction of work load. Assistant Director agreeable to reductions in Agent personnel (handled separately). No Agents on probation -- morale appears high.

Contacts - Excellent (Last Inspection - Excellent). Assistant Director and supervisors in Division maintain 140 contacts in varied fields, all in position to furnish information and services in foreign and domestic fields.

RECOMMENDATIONS

1. Assistant Director William C. Sullivan, EOD 8/4/41, aged 57, GS-18 at \$30,239, not on probation, in Division since 6/4/54. Appointed Assistant Director 6/2/61. Rated Outstanding 4/1/69. Assistant Director is highly competent, dedicated, enthusiastic with vast comprehension of the overall security field. He has the respect of his subordinates and is qualified to continue in present assignment. Attached for approval is letter to Sullivan summarizing inspection findings.

He is energetic, businesslike and inspires the respect and confidence of his associates. He has an excellent knowledge of Bureau policies and procedures. He appears highly qualified to continue in his present assignment. Attached letter to Sullivan will also inform Sizoo of inspection findings.

PERSONAL ATTENTION

Mr. William C. Sullivan
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Sullivan:

After reviewing the results of the recent inspection of the Domestic Intelligence Division, I have approved the following ratings for your operations: Physical Condition and Maintenance, Specific Division Operations and Contacts - Excellent; Administrative Operations and Personnel Matters - Very Good.

Your office space was considered well organized and maintained. The minor delinquencies brought to your attention during the inspection should be promptly corrected. No security problems were noted.

As you well know, I am vitally concerned with racial matters. I am pleased with the substantial increase in the number of racial informants; however, there remains a compelling need for extended coverage in this very important area to assure the Bureau remains on top of all developments. It is particularly important to obtain additional coverage on militant groups, such as the Black Panther Party. The dissemination of racial information to the White House and interested agencies should continue to receive prompt and accurate handling.

Your accomplishments in the continuing penetration of Soviet-bloc operations, effective counterintelligence action against the Communist Party, and detection of illegal agents, are gratifying. I am greatly concerned, however, with the lack of Soviet defectors being operated in the United States. This is a serious gap in our intelligence coverage and greater efforts are essential if we are to achieve full effectiveness in the counterespionage field.

49
DUPLICATE YELLOW

Mr. William C. Sullivan

While some progress has been made in the Chinese intelligence field, increasing Chinese communist intelligence activities make it necessary to redouble your efforts to penetrate this serious threat to our national security. Furthermore, the ominously increasing activity on the part of individuals representing the New Left movement is of critical concern and I expect you to exert aggressive leadership to make absolutely certain that our responsibilities for internal security are fully met. I will accept nothing less.

As instructed by the Inspector, you must constantly scrutinize and evaluate the various programs in your Division to insure they are productive and not tying up personnel unnecessarily. In the event you find programs are not producing the desired results, immediately propose cut-backs. I am pleased to note you have instituted streamlining procedures which should result in savings to the Bureau.

The production of your stenographic pool, while improved since the last inspection, is still below the average production of other Divisions at the Seat of Government. I am aware you have relatively new personnel; therefore, you should emphasize close supervision and training in your stenographic pool.

The Agent supervisory complement of your Division is being reduced from 127 to 125. I am approving your request for an additional clerical employee in the Racial Intelligence Section where the work load has increased substantially, but additional Agent supervisors for this section must come from within your Division. Your request for an additional clerical employee in the Latin American Section does not appear to be justified and is disapproved. Continue to closely follow the work loads of the various sections in your Division to insure that the Agent and clerical staff is maintained at an absolute minimum.

Your contact program was found to be effective, diversified, of high quality and providing valuable services.

You should carefully review the inspection findings with your supervisory staff. The suggestions and instructions of the Inspector should be implemented promptly. Advise within thirty days of the corrective action taken by you.

Sincerely yours,

John Edgar Hoover
Director

This is to advise that [redacted] may have to appear as a witness relating to an armed robbery which took place at the above-captioned store at approximately 10:20 p.m. this past Saturday night, January 24, 1970. Because of this, it is believed advisable to get the facts on record. The facts are as follows:

b6

[redacted] with a friend drove into the parking lot in front of the 7 - 11 store in Cheverly to make some purchases. Just as they stopped the car in front of the sidewalk leading into the door two colored men came out of the darkness from around the corner of the store directly in front of the car being about two feet removed from the radiator. Both had handkerchiefs around their faces and one was armed with an automatic shotgun and a pistol in the other hand and the second had a pistol. [redacted] concluded immediately that they were intent on robbing the store and commenced to blow the horn of the car loudly thinking he would frighten them away. They stopped and looked at him for a moment and then continued on quickly into the store. The two boys then backed out of the lot rapidly and drove to the nearest house where [redacted] asked the man who answered the doorbell to immediately call the police; that the store was being robbed. He did so. The two boys then unwisely returned immediately to the store. Just as they were arriving in the parking lot the two armed robbers were coming out of the door. Once again they looked quickly at the two boys in the car and then ran off in the darkness. The police arrived only a moment or so after they had disappeared but could not pick up the trail. [redacted] and his friend were able to give a complete description as possible of the two armed robbers to the police. In addition to the Cheverly Police, the State Police also arrived to get the details. The boys were also able to give a description of an automobile which they had seen in the vicinity which could have been used by the bandits.

b6

According to the account given to me by [redacted] later, a number of people were in the store at the time and they were forced to go into the back room and lie on their faces in the floor. One young man who had the shotgun pointed at him out of nervousness started to smile broadly and the robber in a deadly serious voice told him to wipe that smile off his face at once. ~~Fortunately~~ the boy did so. The cashier seeing the two robbers enter the store

Re: ARMED ROBBERY OF 7 - 11 STORE

threw \$80 in cash under the counter and they did not get this. They did collect around \$40 or so from the cash register and from the pocketbooks of those who were in the store. They moved with great speed, one going to the cash register getting everything there and the other holding a bag in which he had all the people in the store throw their pocketbooks and wallets. Apparently, these two robbers are well practiced at their business. I understand that this is the sixteenth time that this 7 - 11 store has been robbed. Needless to say, they are beginning to lose customers.

Dear Mr. Sullivan:

Your examination of September 2nd has been reviewed.

Everything is in order except for an abnormally low PBI inspite of exogenous thyroid. Before we recommend the thyroid dose an isotope study of the thyroid, after discontinuing thyroid medication for ten days, is recommended.

It was a pleasure being of service to you.

PERSONAL ATTENTION

**Mr. William C. Sullivan
Federal Bureau of Investigation
Washington, D. C.**

Dear Mr. Sullivan:

After reviewing the results of the recent inspection of the Domestic Intelligence Division, I have approved the following ratings for your operations: Administrative Operations - Fair; Personnel Matters - Very Good; Physical Condition and Maintenance, Specific Division Operations, and Contacts - Excellent.

The space occupied by your Division was found to be efficiently organized and well maintained. The minor delinquencies brought to your attention should be promptly corrected. No space security problems were noted.

The increasing violence and aggressiveness of racial extremists must continue to receive your constant attention. Instructions issued to the field for intensive and extensive coverage in this important area must be closely followed. The increased informant coverage which has been attained during the past year is gratifying. The dissemination of racial and other pertinent subversive information to the White House and interested agencies should continue to be closely reviewed and promptly handled. Insure that dissemination is selective and meaningful within the primary authority of the receiving agency.

I have approved the continuation of the moratorium on the handling of Security Index subjects. I have also approved a reduction in your overall Agent supervisory complement from 126 to 120. I will expect you to discharge your responsibilities with this reduced staff by distinguishing between those programs which are absolutely essential and necessary and those programs which are merely desirable.

DUPLICATE YELLOW See Note page 3.

Mr. William C. Sullivan

I have also approved the cutback in programs which you proposed during the inspection as well as the modifications suggested by the Inspector. This will permit diversion of Agents handling these programs in the field to matters of a higher priority. I will expect you to keep this concept of absolute necessity in mind throughout the coming year so that all proposals and recommendations involving the use of manpower can be evaluated in terms of these guidelines. I have instructed the Inspection Division to be alert during field inspections for other areas where security work of a lower priority can be cut back or eliminated to permit further diversion of manpower.

As you know, I am deeply concerned by the mood of violence involving both black and white extremist groups. It is absolutely essential that we devote sufficient energy and manpower to this area of our responsibilities. We must be aware in advance of impending violence, bombings and other terroristic acts. The President and the general public expect this type of effective action on the part of the Bureau and I will accept nothing less.

I am not unmindful of the very impressive accomplishments of your Division since the last inspection. The effective counterintelligence actions against the Communist Party and the hate groups are noteworthy and should be continued. However, I am deeply concerned by our lack of Soviet defectors operating within the United States. This represents a serious void in our counterintelligence field.

During the inspection a communication to sixteen major field offices, substantially affecting the allocation of Agent manpower, was found to have been sent out of the Bureau from a Section level. While I have ordered tighter regulations to prevent a recurrence of such a dereliction, I expect you to exercise greater administrative control over your subordinates so that all significant instructions and communications emanating from your Division receive proper review and approval. Make this crystal clear to your supervisory staff.

The production of your stenographic pool is below the Seat of Government average. This situation must be corrected through closer supervision and additional training.

I was highly pleased to note the effectiveness of your contact program. You and your staff maintain excellent contacts in varied fields, all in positions to furnish valuable information and services to the Bureau.

Officials: William C. Sullivan, Assistant Director in Charge since 6/2/61; Inspector Joseph A. Sizoo, Number One Man and Branch Chief (Internal Security - Liaison - Research Branch) since 9/13/57; Inspector Donald E. Moore, Branch Chief (Espionage - Intelligence Branch) since 10/14/56. Physical Condition and Maintenance - Excellent (Last Inspection - Excellent). No change in space which is secure and well maintained. Minor housekeeping delinquencies noted were corrected or ordered corrected. 2 cars assigned to Division fully utilized. No safety defects and no accidents since last inspection.

Specific Division Operations - Excellent (Last Inspection - Excellent). Violent racial extremist activities continue to increase -- some international ramifications. Black Panther Party expanding and brazenly advocating overthrow of Government by force. Case load up 5.16%; racial and ghetto informants increased 12.8%. Bureau supervision adequately intensified.

(S) Inspector recommended continuation of moratorium on investigation and reporting concerning Security Index subjects to permit continued use of field personnel on higher-priority matters (approved separately). Division has vigorously pressed investigation of New Left terrorists and contributed to 7 convictions and 18 additional indictments arising out of violence at the Democratic Convention in Chicago. Need for additional coverage of New Left violence stressed. Division accomplishments continue at high level with coverage and disruption of subversive groups and [redacted] White House, Attorney General, and interested agencies promptly advised of pertinent developments. [redacted] SOLO operation continues to furnish valuable information -- 4 missions completed since last inspection. (S)(u)

Total security matters pending in field 3/31/70 - 37,746, up substantially from year ago. Security and potential security informants decreased slightly -- attributable

to Bureau-wide stress on quality. No field delinquency over 7% in last 6 months in any classification supervised by DID.

inspection -- allowed to leave country by State Department. 2 persona non grata cases involving Soviets. Nationalities Intelligence Section directing operation of 14 active and 11 potential double agents [REDACTED]

Foreign liaison operations effectively supervised. Office at Manila closed and new office at Madrid opened. Inspection Division recommended reduction Agent complement of Rome Office from 2 to 1 (approved separately). Domestic liaison effective but reduced to absolutely essential functions. Personal liaison with CIA discontinued.

Research Section. in existence since 1/12/70, has prepared valuable specialized summaries and studies. Agent complement of section reduced by 1 with reassessment of priorities.

Administrative Operations - Fair (Last Inspection - Very Good). Front office and section supervision generally effective. Incident detected involving airtel to 16 field offices with substantial impact on Agent manpower initiated out at section level when higher authority should have been obtained (handled separately).

During inspection, special survey was made to determine possibility of reducing supervisory complement in DID and commensurate reduction of Agent manpower in field by reassessing priorities of security programs. Inspector proposed reduction of 8 supervisors as follows: Soviet Section - 2, Sino-Satellite Section - 1, Nationalities Intelligence Section - 2, Research Section - 1, Liaison Section - 2. Assistant Director Sullivan advised if recommendations approved they could be implemented by cutback in lower priority programs. Reductions in Research and Liaison Sections to be accomplished by cutback in services at the Seat of Government (SOG) with no corresponding reduction in field manpower (approved separately). [REDACTED]

b1

[REDACTED] DID also proposed elimination of certain phases of the counterintelligence (S)
program in the Soviet Section, elimination of all but key investigations involving Americans traveling in Soviet Union, Cuban Refugee Program, Cuban travel cases, and curtailment of the BOCOV Program. These proposals or modifications thereof

approved separately and it is estimated 25 field Agents can be diverted to more essential programs as a result of these changes.

During inspection, other suggestions were made to streamline supervision and delegate more routine work to qualified clerical personnel. Suggestion also made to have statistical accomplishments of racial informants recorded, same as criminal informants, for budgetary purposes.

No substantive errors detected. Form errors down from last inspection. Stenographic production below SOG average (3.17 to 3.49 pages per hour). Training stressed. Voluntary overtime equitably shared and productive. Division economy conscious. No unnecessary delays in handling mail or files noted. No errors affecting fringe benefits noted in time and attendance records. Odd-hour shifts justified.

Personnel Matters - Very Good (Last Inspection-Very Good). Approved complement 312 (126 Agents and 186 clerical) -- up 1 Agent and down 1 clerk since last inspection. As a result of streamlining measures and realigning of priorities Inspector recommended and Director approved reduction in Agent supervisory complement from 126 to 118 (reduction of 8). Before completion of inspection it was recommended and approved that 2 of 8 be retained for diversion to supervision of violent New Left groups. (Net supervisory reduction 6 and current approved complement is 120.) Clerical complement adequate but not excessive. No Agents on probation, overweight, or on limited duty. Morale appears high.

Contacts - Excellent (Last Inspection - Excellent). Assistant Director and Division officials maintain valuable high-level contacts all in a position to furnish information and services of interest to the Bureau in foreign and domestic fields.

SUBJECT: AVAILABILITY

Reference is made to the enclosed memorandum to all Bureau officials dated May 18, 1970, captioned as above. It is my understanding that I occasioned this memorandum, and I wish to express my regrets for having done so. Because of the nature of our work in the Bureau, necessarily we have to be pragmatists in the main. When something works out well, we have done the right thing, and when it does not, obviously we have done the wrong thing which happened in my case.

In order to facilitate a better understanding of some of the complexities involved, I respectfully submit the facts on precisely what happened.

First, I was called from New York by [redacted] a long-time friend and contact of the FBI who holds the position of [redacted]. He said he wanted to see me to discuss matters of mutual interest and would I meet him at the Sheraton-Carlton Hotel lobby Tuesday evening and have dinner with him. Frankly, I would have much preferred to have gone home but I accepted. I asked him what his room number would be, and he said he did not have one at that time.

Second, on leaving the Bureau, I had the Bureau operator advised and I had my duty man advised that I would be in the lobby or dining room of the Sheraton-Carlton Hotel; that I could be paged there. b6

Third, on arriving at the hotel, I met [redacted] who had just checked in and we went immediately to his room. At once I picked up the telephone and called the [redacted] and gave him the number of the hotel and the room number and extension on which I could be immediately reached. Apparently at the very same time I was doing this, the Director was trying to reach me, and just as [redacted] was calling the operator to give her my number, she was calling him, and he gave her the extension number and I was subsequently reached on it.

For some years [redacted]
Information Center in New York has been an excellent contact of

appeared with him on different programs in the past ten or twelve
years. He is also active in the American Bar Association. [redacted]
is being awarded an honorary Doctor of Laws degree at the University

attend from [redacted]
at the University of South Carolina. He also has been a good contact
of the Bureau for some years and has been of regular assistance to

[redacted] have received invitations and will be
present. I believe there is a personal obligation here for me to
accept the invitation, and likewise, I think it would be in the best
interest of the Bureau if I do so. The expense involved, of course,
will be my own.

In order to be down there in time for the ceremonies, it

As indicated above, I am merely explaining this to show how complicated these matters get even when every effort is made to be available. My secretary has informed me of your letter advising that an incentive award has been granted to me. This came, naturally, as very much of a surprise. I would be considerably less than candid if I did not tell you I do not feel I warrant this kind recognition on your part. However, you have seen fit to again demonstrate your unusual thoughtfulness, and I wish to express my very earnest and simple thanks. Apropos of this, may I offer a few observations:

First, as we both know, operations of our kind never run smoothly without the willing assistance of many people. This I had. In particular I want to mention the very valuable help and guidance given to me by Miss [redacted] John Mohr, [redacted] Bill Soyars, and in my own office by Sterling Donahoe and my secretarial staff. They were all very alert to prevent any major mistakes. What minor mistakes there were, were made by me, in the way of misrouting some pieces of mail, or failing to initial all copies, et cetera----mistakes which one or the other of the aforementioned caught and corrected.

Second, I was most pleased and encouraged to note how we all functioned, from the beginning, spontaneously as a working unit. No conferences were held at which instructions might have been given; no plans were formulated or elucidated upon; no formal discussions were held----yet, to repeat, we all worked very evenly as one. This made it very much easier for me than it would otherwise have been.

Third, it was good to hear from you, in conversation on the telephone, that all went well

Reference is made to the attached UPI release and to the Director's comment, "What about Angela Davis and her communist bodyguard! I think the statement is too sweeping."

b6

I agree with the Director that the statement, as reported by the press, is too sweeping, but this is not the way it was uttered by me. The facts are these:

The topic was not a part of my speech. It came up in answer to a question and commentary made by an unknown woman at the very end of the seminar. She arose and commenced to give a harangue, rather than a question, stating that she was positive the Communist Party was controlling various areas of this country, including heavy domination and infiltration of educational institutions, the Government, and other branches of our social order, and this was the cause of all our troubles, on and off campus, and did I not agree with her fully?

Obviously there is something odd about a person who will get up and give that kind of harangue and raise that kind of question. Had I in any way created the impression that I agreed with her, it would have reflected very badly upon the Bureau. I made it clear that I did not agree with her rambling and inaccurate commentary and said that the Communist Party was not the sole factor---and I repeat, the sole factor---in the unrest today. The word "sole" was omitted in the press account.

I then went on to explain the complexity of the matter and pointed out that, in addition to the Communist Party, there are communists and marxists outside of this organization who are enormously active in campus unrest, and who are engaged in violence of the worst kind, including bombings, arson, et cetera. I also pointed out that Marxism had infected important areas of the Black Extremist movement.

Mr. Tolson

In regard to Angela Davis, I did mention her in my formal speech. I pointed out that she was a former University of California instructor who had earlier been given sympathetic treatment in some segments of the press. I said that she was a publicly avowed communist for some years and is now being sought under the Federal Fugitive Act, following an indictment for murder in California.

not to downgrade the activities

SEN. WILLIAM B. SAXBE, R-OHIO, SAID THURSDAY GOVERNMENT OFFICIALS HAD BEEN ALERTED TO THE DANGER OF KIDNAPING AND OTHER THREATS FROM EXTREMIST GROUPS. HE SAID CONGRESSMEN HAD BEEN WARNED TO BE "VERY CAREFUL."

"THE JUSTICE DEPARTMENT HAS SO ADVISED THE MEMBERS OF CONGRESS THAT THEY SHOULD BE CAREFUL, FOR THEY HAVEN'T PROVIDED US WITH ANY PROTECTION AS SUCH, BUT THERE IS THIS DANGER AND THERE IS AN ALERT ON FOR -- NOT ELECTED OFFICIALS -- BUT OTHER OFFICIALS RIGHT NOW," SAXBE SAID IN A RADIO INTERVIEW.

WHITE HOUSE PRESS SECRETARY RONALD L. ZIEGLER SAID SOME MEMBERS OF CONGRESS RECENTLY HAD RECEIVED TERRORIST THREATS, AND HE SAID THE REPORTS HAD BEEN BROUGHT TO THE ATTENTION OF PRESIDENT NIXON. BUT HE SAID THE WHITE HOUSE HAD ISSUED NO WARNING OR ALERT, ALTHOUGH THE SUBJECT OF TERRORISM WAS DISCUSSED "IN GENERAL TERMS" AT A RECENT MEETING OF CONGRESSIONAL LEADERS WITH THE PRESIDENT.

A SPOKESMAN FOR ATTORNEY GENERAL JOHN N. MITCHELL ALSO SAID THURSDAY THERE WAS NO FEDERAL GOVERNMENT ALERT. THE SPOKESMAN SAID MITCHELL BELIEVED SAXBE MAY HAVE BEEN REFERRING TO A LEADERSHIP MEETING CALLED BY NIXON RECENTLY TO DISCUSS HIJACKING IN THE MIDDLE EAST.

THREATS AGAINST THE LIVES OF SENATORS AND REPRESENTATIVES WERE DISCUSSED AT THE MEETING, THE SPOKESMAN SAID.

WILLIAM C. SULLIVAN, CHIEF AIDE TO FBI DIRECTOR J. EDGAR HOOVER SAID IN A SPEECH EARLIER THIS WEEK TO THE UPI EDITORS AND PUBLISHERS CONFERENCE AT WILLIAMSBURG, VA., THERE WAS A POSSIBLE DANGER OF KIDNAPING OF PUBLIC OFFICIALS DURING THE ELECTION CAMPAIGN AND OF FOREIGN OFFICIALS ATTENDING THE NEW UNITED NATIONS SESSION.

memo to J. Edgar Hoover 10/15/70

What about Angela Davis & her Communist bodyguard. I think the statement is too sweeping.

UPI-191

(EDITORS)

WILLIAMSBURG, VA.--A HIGH FBI OFFICIAL SAID TODAY THE COMMUNIST PARTY "IS NOT IN ANY WAY CAUSING OR DIRECTING OR CONTROLLING THE UNREST WE SUFER TODAY IN THE RACIAL FIELD AND IN THE ACADEMIC COMMUNITY."

WILLIAM C. SULLIVAN, TOP ASSISTANT TO FBI DIRECTOR J. EDGAR HOOVER, SAID COMMUNISTS "DO ATTEMPT TO EXPLOIT TROUBLED SITUATIONS" WHEREEVER THEY CAN. BUT HE SAID "THE COMMUNIST PARTY TODAY IS NOT NEARLY AS EXTENSIVE OR EFFECTIVE AS IT WAS A NUMBER OF YEARS AGO."

ADRESSING THE 1970 UPI EDITORS AND PUBLISHERS CONFERENCE, SULLIVAN SAID THE UNITED STATES WOULD BE HAVING PROBLEMS FROM STUDENT DISSENT AND RACIAL TENSION "TO A GREAT OR LESSER EXTENT IF THE COMMUNIST PARTY IN THIS COUNTRY DIDN'T EXIST AT ALL."

"NOW, ON THE OTHER SIDE OF THE COIN," HE ADDED, "WE DO HAVE MANY OF THESE STUDENTS -- SOME OF THEIR PROFESSORS SUPPORT THEM-- ESPOUSING THEIR OWN PARTICULAR INTERPRETATION OF MARX. AND THEY OPENLY PROCLAJM THEIR MARXISM."

"SOME GO SO FAR AS TOADD LENINISM. THERE ARE OTHERS WHO EMBRACE TROTSKYITE INTERPRETATION OF COMMUNIST IDEOLOGY GENERALLY AND MARXISM PARTICULARLY. THERE ARE THOSE WHO ACCEPT THE CHINESE VERSION."

BUT THE FBI OFFICIAL SAID THERE IS NO EVIDENCE THAT ANY ONE GROUP OF PEOPLE OR ANY SINGLE NATIONWIDE CONSPIRACY IS BEHIND DISORDERS ON THE CAMPUS OR IN THE GHETTOS.

IN HIS PREPARED SPEECH, SULLIVAN SAID THE WEATHERMAN FACTION OF STUDENTS FOR DEMOCRATIC SOCIETY HAS ORDERED ITS MEMBERS TO GO UNDERGROUND AND FORM COMMANDO-TYPE UNITS" AND WAGE URBAN GUERRILLA WARFARE IN AN EFFORT TO OVERTHROW THE U.S. GOVERNMENT.

HE SAID THE FBI HAS INFORMATION THAT THE WEATHERMAN AND OTHER "ANARCHISTIC GROUPS" MAY TRY TO KIDNAP U.S. GOVERNMENT OFFICIALS WHILE THEY ARE CAMPAIGNING THIS FALL, OR KIDNAP FOREIGN HEADS OF STATE ATTENDING THE 25TH ANNIVERSARY OF THE UNITED NATIONS I NEW YORK THIS MONTH.

HE OMITTED THIS PORTION OF HIS SPEECH IN DELIVERY. THE EDITORS AND PUBLISHERS ALSO HEAD A DEBATE BETWEEN KINGMAN BREWSTER JR., PRESIDENT OF YALE UNIVERSITY, AND CONSERVATIVE COLUMNIST JAMES J. KILPATRICK OVER RESPONSIBILITY FOR CAMPUS DISORDERS.

WASHINGTON CAPITAL NEWS SERVICE

KILPATRICK SAID THE PRIMARY BLAME MUST BE PLACED UPON "SPINELESS COLLEGE PRESIDENTS AND ADMINISTRATORS AND RADICAL-LIBERAL PROFESSORS WHO ENCOURAGE STUDENTS TO ENGAGE IN VIOLENCE." THE SCRANTON COMMISSION ON CAMPUS UNREST, HE ADDED, MADE A "PREPOSTEROUS" ATTEMPT TO "PASS THE BUCK TO PRESIDENT NIXON" BY SAYING HE SHOULD TAKE THE LEAD IN OVERCOMING STUDENT ALIENATION.

BREWSTER AGREED THAT UNIVERSITY ADMINISTRATORS MUST USE THEIR UTMOST POWERS OF PERSUASION AND DISCIPLINE IN NECESSARY TO MAINTAIN ORDER ON THE CAMPUS. BUT HE SAID IT SHOULD NOT BE DONE IN A HIGH-HANDED WAY THAT WILL "DRIVE MODERATE STUDENTS INTO THE HANDS OF DESTRUCTIVE RADICALS."

IN HIS VISITS TO THE UNITED STATES, ALMOST ONE EVERY YEAR FOR THE LAST HALF-CENTURY, BROGAN SAID HE HAD SEEN AMERICANS DO MANY FOOLISH THINGS, BUT "I HAVE NEVER LOST MY FUNDAMENTAL BELIEF THAT THE AMERICANS CAN SOLVE THEIR PROBLEMS."

CONSIDERED ONE OF THE MOST PERCEPTIVE CRITICS OF THE AMERICAN SCENE, THE 70-YEAR-OLD CAMBRIDGE PROFESSOR --THE TWO MOST CONCEITED PEOPLE OUTSIDE CHINA -- HAVE BEGUN TO BE WILLING TO LEARN A GREAT MANY THINGS FROM THE UNITED STATES."

THE MOST "EXPENSIVE FOLLY" ENGAGED IN BY AMERICANS, SAID BROGAN, IS THE VIETNAM WAR, WHICH, HE ADDED, SEEMS TO EUROPEANS TO BE CONTRARY FOR AMERICAN IDEALS.

In addition to the approved speech which I am to give before the Royal Canadian Mounted Police in Ottawa, Friday evening, October 16, I have also scheduled for the remaining portion of the year three other speeches. (1) The United States District Court Breakfast Group, Washington, D. C. at 8 am 10/19/70; (2) The National Association of Manufacturers, New York, 12/3/70; and (3) The Publishers Group, Detroit, Michigan, 12/9/70.

Because I already have a heavy work schedule requiring my presence at my desk and because my speeches reported in the press seem to be causing problems for the Bureau, I strongly urge that the three I am scheduled to give be canceled or assigned to some other person. For example, the Publishers Group in Detroit, could logically be assigned to Assistant Director Thomas E. Bishop.

As the Bureau knows I have been steadily recommending turning down speech after speech month-in and month-out. The Bureau also knows I will accept any kind of assignment given to me; however, if I do have any preference I would like to say at this time that I would prefer not to give any more speeches as long as I remain in the Bureau.

RECOMMENDATION:

That the speeches I have scheduled be canceled or given to some other person.

Dear Mr. Hoover:

Apparently William C. Sullivan, your top ass: the communist payroll! It is incredible that he would absolve the commu midst of any connection with the racial strife and unrest in our colleges.

The communists declared RACIAL STRIFE AS THEIR GREATEST WEAPON AGAIN. Certainly there are other subversive organizations, but they all originate from com-munist inspired agitation.

What difference can that dumb-head make of any group when they all are declared to destroy our form of government?

God has blessed us with your services all these years, but you are coming to the end of your row. God only knows what will become of us if that dumb-head Sullivan succeeds you in that office.

You know and I know that it was Jew money that exported communism to Moscow, and it is Jew money backing every radical group now trying to destroy us. Certainly there are other groups and foundations pouring funds into all of the destructive movements in this country.

For that very address Sullivan made to the UFI editors and publishers conference William C. Sullivan should be fired.

May God bless this nation with your services for at least another decade. May you have the courage to fire Sullivan.

Yours For God And Country,

Mr. John Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

I have just learned that once again your testimony before the Appropriations Committee proceeded very smoothly. We all know that this doesn't come about as the result of chance but only through very exhaustive and careful preparation on your part.

Because this testimony is so basic to our operations, it naturally does have an over-all effect throughout the field offices as well as here at the Bureau.

While there will be other problems arising, this being the nature of our work, at least you can relax for a time insofar as testimony is concerned for you will not have to appear until this time next year.

With all good wishes,

Cordially,

Bill Sullivan

Legal Attache in Paris, has advised that the FBI is expected to send a representative from Washington to attend the NATO Special Committee Meeting, to be held in Brussels, from April 27 to 29, 1971. The State Department expects us to have a representative from headquarters present at each of the two Special Committee Meetings held every year (in April and October), as do the other member nations. However, we have been able to get around this fairly well by skipping every other meeting. The last meeting I attended was in April, 1970; therefore we are due to be present in April, 1971.

ACTION:

With the Director's approval, I will attend the Special Committee Meeting in Brussels, from 4/27-29/71, as the United States Special Committee representative.

Meeting of this Council would be here in the District and no significant demands would be made on my time as Advisor to the Council. I do think that this relationship would perhaps permit me to know what is going on and thereby better protect Bureau interest by steering the Committee away from any program or actions undesirable to the Bureau.

Of course, I will do whatever the Bureau wants and I have no real personal desire one way or the other.

Mr. John Edgar Hoover
Director

Dear Mr. Hoover:

William C. Sullivan

It would be misleading to say that the attacks made upon you, the FBI and the rest of us are not damaging. It is obvious that they are and we do indeed have reason to be concerned. The first step is to look at the situation coldly, realistically and see it for what it is.

On doing this, I think one over-riding and decisive fact stands out above all others. It is this: President Nixon and the Attorney General are completely in accord with you and have been and will continue to give you unqualified support. This is tantamount to saying that with such backing no one can be successful in their attacks upon you.

Naturally, this doesn't lessen the unpleasantry of this ordeal which you are going through. But it does mean that you will triumph in the end. Down through the years you have had to withstand many unpleasantries and you will do the same with those now being experienced. Further, I think it is an advantage to have the attacks come all at once instead of being dragged out over many months.

With the attacks being made today I do believe the campaign has reached its peak and will level off and decline. After all what more can be said? The major journals involved have spoken their piece and repetition on their part would be useless. I think this should be encouraging. Lastly, you not only have the support and backing of FBI employees but of far greater significance the backing of people throughout the country on a grass-roots level. Even the critics admit this and point out that your strength is too great for anybody to take successful action to replace you.

Mr. J. Edgar Hoover

To sum up: This is indeed an ordeal through which you are passing but it is my conviction it is not one that is in any way going to stop you but rather one which you will surmount and continue on in your position as Director. Therefore, the plus factors outweigh the minus ones and you have every reason to look to the future with confidence and serenity of mind.

Dear Bill:

It was indeed thoughtful of you to write your most encouraging letter of April 5th commenting on the current series of attacks on me and the Bureau. I do not think it is possible to always completely ignore or be able to not let such things get under one's skin, but when one stops to analyze it, the true character of the source, which is nothing but a pack of jackals, surfaces. I have always been able to count on your staunch support, loyalty, and assistance, not only when things are blackest, but day in and day out, and I did want to thank you and express my deep appreciation to you. I feel certain that by each of us carrying on and doing the job to the best of our ability and adhering to the right principles, our record will speak for itself.

Thank you for writing as you did.

The following chronology of events are set forth concerning the burglary of the Media Resident Agency on 3/8/71:

Initial details concerning this burglary were received at the Bureau during afternoon of 3/9/71 by teletype from Philadelphia Office. SAC, Philadelphia has afforded on-scene supervision of case utilizing special squad since inception. Criminal aspects of burglary being handled by special squad in Criminal Section. On 3/9/71 following notification of burglary Philadelphia Office was instructed to compile and furnish Bureau summary of items missing.

To determine items missing is a painstaking and time consuming operation since this has to be accomplished through review of charge out slips in Philadelphia Office files, reconstruction of notes and rough drafts from Agents' memories, identification and submission of copies from Bureau and auxiliary office files. On 3/11/71 Philadelphia Office submitted initial copies of serials known to be missing to the Bureau. Serials were immediately reviewed and analyzed by each division having supervisory responsibility over subject matter involved. By Friday, 3/12/71, these reviews were completed and memoranda submitted by Domestic Intelligence, General Investigative, Administrative and Special Investigative Divisions. Subsequent to that date additional missing serials have been received at the Bureau and these too have been reviewed and memoranda analyzing their contents have been submitted by the substantive division involved.

Recognizing the impact material in these serials could have on FBI operations, a memorandum was prepared on Monday, 3/15/71, requesting approval for a representative of FBI Legal Counsel's Office to be

Re: MEDBURG

accompanied by a representative of the General Investigative Division to discuss the legal aspects with Department concerning a court order to prohibit public disclosure of the FBI documents taken. Approval for this action was obtained on 3/16/71. Because Assistant Director Dalbey appeared before the Senate Judiciary Subcommittee on both the morning and afternoon of 3/17/71, the conference with Deputy Assistant Attorney General Leon Ulman Office of Legal Counsel, was held on the morning of 3/18/71. Ulman indicated there was little precedent for an order prohibiting disclosure of this information, however, a possibility existed such an order might be obtained. He suggested this matter be discussed with the Civil Division or the division having jurisdiction over the case. The conversation with Mr. Ulman was confirmed in writing on 3/19/71 by letter to the Assistant Attorney General, Office of Legal Counsel, with copies to Assistant Attorneys General, Criminal and Civil Divisions. The Criminal Division was requested to advise as soon as possible as to the feasibility of initiating such action since the possibility existed there may be a public disclosure of stolen FBI material in the very near future.

Prior to this conference with Ulman, we contacted William Lynch, Department attorney who is handling the [redacted] case, on 3/16/71. Lynch was furnished the details concerning the Media burglary and was advised that certain individuals associated with the East Coast Conspiracy to Save Lives (EASTCON) may be involved in this burglary. One such individual was [redacted] unindicted co-conspirator in the EASTCON case, who had publicly announced that he had received a news release concerning the burglary from the Citizens Commission to Investigate the FBI. Mr. Lynch stated he did not want [redacted] interviewed by the FBI at this time. Our conversation with Mr. Lynch was confirmed by memorandum dated 3/18/71 to the Assistant Attorney General, Internal Security Division, copy to Criminal Division. This letter indicated no active investigation would be conducted concerning the burglary of the Media Resident Agency relative to defendants or unindicted co-conspirators in the EASTCON case without first clearing this with the Department.

b6

On 3/23/71 Mr. Ulman contacted a representative of the FBI Legal Counsel's Office and indicated that he was referring to the Civil Division the FBI request concerning the possibility of getting a restraining order prohibiting the disclosure of any information taken from documents during the Media theft.

Rosen to Sullivan Memorandum
Re: MEDBURG

In reference to the above, it is pointed out the Philadelphia Office was not able to immediately construct a detailed list of all of the material which had been stolen. To do so necessitated a check with auxiliary offices, Bureau files and other references which might be available to the Philadelphia Office. As a matter of fact, of the 17 items delivered to Congressman Mitchell and Senator McGovern only six had previously been identified by the Philadelphia Office as having been stolen. Philadelphia has been requested to explain why these missing serials were not detected earlier.

The Attorney General by memorandum on 3/23/71 indicated he would appreciate being advised with all possible speed with respect to the nature and content of the documents which have been identified to date as missing. In this connection Mr. [] in conference with Mr. Sullivan, asked to be furnished with such data. Following Mr. []'s request, Xerox copies of all serials sent to Congressman Mitchell and Xerox copies of 103 serials stolen from Media Resident Agency were hand delivered to him last night.

ACTION: Attached for approval is a letter to the Attorney General with copies to Deputy Attorney General, Assistant Attorneys General Criminal, Civil, Internal Security Divisions and the Office of Legal Counsel. Letter specifically refers to previous contacts with Departmental officials wherein details concerning Media burglary were furnished. Reference also is made to fact that Xerox copies of certain serials were hand delivered to [] on 3/23/71. Remaining copies of stolen serials being forwarded to the Attorney General.

As additional material is identified as stolen and copies received at the Bureau, the substantive desk handling the violation involved will prepare a memorandum analyzing the nature of the data. The responsible division will likewise prepare a memorandum to the Attorney General furnishing Xerox copies of the stolen material.

**WILLIAM C. SULLIVAN
ASSISTANT TO THE DIRECTOR - INVESTIGATIVE**

Mr. Sullivan's performance during the period from April 1, 1970, through March 31, 1971, has been of such significant value as to certainly warrant a rating of Outstanding for him.

Mr. Sullivan's career of nearly 30 years is distinguished by his unswerving loyalty and dedication to the ideals and purposes of the FBI. He consistently devotes his time and his considerable talents to the improvement and streamlining of operations and he willingly sets aside personal interests and considerations in order that the FBI might be better served. He is fully capable of handling a particularly high volume of work requiring minute attention to detail and of doing this for extended periods of time without experiencing any lessening of efficiency and without losing composure despite the many pressures to which he is subjected by virtue of his highly important position.

Since August 1, 1970, he has served as Assistant to the Director-Investigative, previously having been the Assistant Director of the Domestic Intelligence Division. In his current position, he has under his supervision the Domestic Intelligence, General Investigative, Laboratory and Special Investigative Divisions and he has the responsibility of directing and coordinating a wide variety of criminal, civil, applicant security and espionage matters as well as scientific examinations. He has demonstrated a keen insight into every phase of these matters and has exhibited superior qualities of leadership in fulfilling his important duties.

Reference is made to the attached note from the Director's Office. Apparently there has been some confusion here and, if so, it must be my fault.

b6

In regard to the notation made by the Director, I want to state that the Assistant Directors of all the Divisions in the Branch last week clearly warned all their employees not to talk with any non-Bureau employees about FBI operations and reiterated the need for absolute security. I have just talked to Mr. Conrad, Mr. Gale, Mr. Rosen and Mr. Brennan about this and they assured me this had all been done.

When the Director raised the question had I talked to them, what I assumed he meant was had I gone to all these Divisions and talked to these employees and the correct answer which I gave was "no" because it has been a physical impossibility for me to do this due to lack of time and my other duties didn't permit it.

However, as I look at this note attached, I now get the impression that this is not what the Director had in mind but rather had I advised my own employees which are four in number here in the Front Office. The answer to that is "yes." I had already done this. Now if the above is correct then everything has been handled properly and the Director's orders have not been ignored.

If, however, I am wrong in the interpretation of this situation and the Director wants me to go personally to all four Divisions in this Branch and speak to all the employees this remains to be done.

RECOMMENDATION:

For the information of the Director.

This is to recommend that the attached letter be approved and sent which declines an invitation for Mr. Sullivan to speak at the 1971 Convention of the Society of Former Special Agents of the Federal Bureau of Investigation in Atlanta during 9/29-10/3/71.

By letter 4/12/71, Mr. Theodore A. King has invited Mr. Sullivan to speak at the 1971 Convention of the Society of Former Special Agents of the Federal Bureau of Investigation which will be held in Atlanta, Georgia during 9/29-10/3/71. Mr. King requested that Mr. Sullivan address the convention on one of two topics, namely "Industrial Planning For Emergency Conditions" and "Organized Crime and Its Infiltration Of Legitimate Business and Labor." Mr. King is a former Special Agent who EOD 5/8/55 and resigned 3/18/60; services satisfactory. On 2/24/71 he saw the Director and personally extended an invitation for the Director to attend the Society's Convention in Atlanta this year. On 3/4/71 he sent a letter confirming invitation for Director to speak and on 3/11/71 he was advised that the Director's official schedule precludes his accepting additional commitments.

Mr. Sullivan has been contacted and does not feel that it would be advisable for him to accept this speech commitment and suggests that this invitation be declined for him.

Dear Mr. Hoover:

As General Chairman of the '71 Convention of the Society Of Former Special Agents Of The Federal Bureau Of Investigation, I previously visited and corresponded with you concerning the Convention to be held in Atlanta, Georgia, this year.

We are presently preparing the Convention Program and have several appropriate seminars planned concerned with such topics as "Industrial Planning For Emergency Conditions" and "Organized Crime and Its Infiltration Of Legitimate Business and Labor".

We feel our Convention Program would not be complete without a representative from the Bureau and we would like to extend an invitation to your Assistant, William C. Sullivan, to be with us and to address the Convention on one of the above subjects.

Thank you for your kind consideration and best personal regards.

Sincerely,

Theodore A. King

SUBJECT: ANNUAL LEAVE
MAY 10 - 14, 1971

I have had scheduled some leave in May. I originally had planned to take the first week but, of course, I couldn't do this because of the recent demonstrations. Our informants and sources now advise everything is quiet in Washington and no trouble is expected in the immediate future. In view of this, if the Bureau has no objection, I will go on annual leave for five days next week.

My intention is to drive to New Hampshire and open up our home there as the family will be moving into it next month to live there permanently. It has been unoccupied and because of the extreme cold weather all the water facilities, et cetera, have been cut off through the winter months and must be reactivated again at this time.

I will be in daily contact with the office and will come back immediately if needed.

RECOMMENDATION:

If my leave is approved, I will proceed as described above. Attached hereto is my leave slip.

Mr. William C. Sullivan, Assistant to the Director, celebrates his 30th year of Bureau service on 8-4-71.

During the past three years he has been commended 2 times. Censured 1 time on 3-24-71 as he shared in failure to notify Attorney General of burglary of Media Resident Agency following the incident. He has received 2 incentive awards, last of which was on 4-5-71 for \$500. He is presently in Level V, \$36,000, of the Executive Pay Schedule, and was rated Outstanding on last performance report.

The Director may desire to present Mr. Sullivan's letter and Key personally on 8-4-71. A suggested letter is attached for the Director's signature.

SUBJECT: ANNUAL LEAVE

William C. Sullivan

I have had annual leave scheduled for the next two weeks. However, at this time I believe I will take only one week.

This leave is made necessary because my daughter is graduating from college in Massachusetts. Because of the schedule I must keep, it would be very helpful if I could start my leave tomorrow morning. Mr. Rosen, who is on annual leave, will be returning this weekend. Mr. Gale could take my desk for one day.

As before, I will be in touch with the office once or twice each day while I am away. If my presence is needed I can come back immediately by plane.

RECOMMENDATION:

If the Director approves, I will commence my leave tomorrow morning, for the reasons given above.

My memorandum of 6/8/71 pointed out that Assistant to the Director Sullivan celebrates his thirtieth year of Bureau service on 8/4/71, in connection with which the Director indicated he would not be here to make the presentation personally.

In view of the foregoing, it is suggested that you, Mr. Mohr, may desire to make the presentation to Mr. Sullivan on the occasion of his Thirtieth Anniversary. Mr. Sullivan has indicated that since the Director will be unable to make the presentation, he would appreciate this.

In view of the Director's absence from the city on 8/4/71, it is suggested that you, Mr. Mohr, make the presentation on the occasion of Mr. Sullivan's Thirtieth Anniversary, 8/4/71.

Reference is made to the attached memorandum from myself to Mr. Tolson, dated 8/10/71.

First of all, I want to point out that I do remember distinctly that the word "resolved" was used by Mr. [redacted] As a matter of fact, I took this up with Mr. [redacted] (whether he would admit it or not) and pointed out the need for clarification. *As I have said before I repeat again I did not use the word "resolved".*

The word "resolved" has different meanings, but the one which seems to fit the case in question relates to reaching a decision, or to decide, or a determination. Unresolved, of course, would be the opposite. Therefore, something pending would be unresolved. In the light of this, I see no point in quibbling over words.

I certainly agree. Too much time has already been wasted.
I am still not clear in regard to the instructions given. It is said that no leave can be taken by Mr. Brennan until the Ellsberg case is completely concluded. Does this mean after it has been completely investigated by the FBI and has gone to the courts? Or does it mean after the courts have finished with the case and Mr. Ellsberg is either acquitted or has been sentenced and is in prison?

It means what I have underlined.
The Director says in the memorandum that "Someone here lied to the President," in connection with Mr. Brennan. This is the second time the Director has mentioned this in a memorandum, and quite obviously he is most concerned about it, and I think he should be, because it is a very grave matter.

What perplexes me, however, is that people inside the FBI are not known to lie---although people outside may. Bureau policies do not contain lies---but policies outside the FBI may. Bureau inspections do not contain lies---but inspections outside the FBI may. Bureau statistics

Director's yellow 8-2-71, which contained remarks re "lie" and manpower for Ellsberg case was returned to Miss [redacted] per your suggestion. She said she would keep it there. Classifier handling this memo did not have knowledge of above transaction. When this memo is returned, we'll have it changed and filed in personnel files in Mr. Sullivan's file with copy in Mr. Brennan's file.

are not used to constitute a lie---but statistics outside the Bureau may be so used. Bureau statements and articles do not contain lies---but those outside may. And I could go on to catalog more of this nature to show that lying is quite alien to those inside the FBI----which makes the Director's concern most understandable. Hence, I think some effort should be made to identify the person who lied to the President, as the Director says someone did, and proper disciplinary action should be taken.

It is up to Sullivan to find out who Brennan reported him and I have previously stated it was specific that if the transfer had issued

ADDENDUM, W. MARK FELT: When matters of vital importance are pending, the Director expects the responsible Bureau officials to be on the job. Sullivan and Brennan will know when the Ellsberg and [] cases have been brought to the point where it would be appropriate to apply for leave. At that time they should submit for the Director's consideration a short memo explaining why they feel the cases have been successfully brought beyond the critical point together with their leave request. Of course, Sullivan and Brennan should not apply for leave covering the same period.

I do not intend to approve leave of Sullivan nor Brennan until Ellsberg case is disposed of by trial court.

Reference is made to the attached memorandum from Mr. Mohr to the Director, dated 7/1/71. Because this memorandum creates a certain ambiguity relative to SAC Charles G. Cusick, I do believe it needs some clarification.

Mr. Mohr refers to comments made by me concerning Cusick's ability with paper work. The question of "paper work" related only to research analysis and writing. When Mr. Cusick worked under my supervision it was at a time when I was in charge of the Research Section. This is highly specialized work and I do not believe that Mr. Cusick's limited aptitude for handling this kind of paper work should in any way reflect unfavorably upon him as an SAC, or in the handling of operational paper work which goes with such a position. As a matter of fact, I would hazard a guess that 50% of the Assistant Directors have no more specialized ability in the field of research and analysis, in handling this type of paper work, than has Mr. Cusick.

Mr. Cusick is a former Marine Captain who saw extensive battle action in the Asian theater. I thought when he worked for me, and I think now, that he is a natural leader of men with superior ability in field office operations. If we had an accurate yardstick to make such a measurement, it would not surprise me in the least that, on its being applied, Mr. Cusick would turn out to be one of the five best SACs we have, out of the total number of 59. I think the record shows that Mr. Cusick has been a very valuable field office administrator, and I do believe this is where he can best serve the Bureau.

Lastly, my brief conversation with Mr. Mohr about this matter was purely informal. When I made the reference to

"paper work" it was within this specialized context. I think that in the future, when Mr. Mohr does not believe a person has the qualifications to work in his office, he should advance reasons of his own, and not take from a casual conversation one of my remarks and use it out of context.

I have read Pages 11 through 15 of Mr. Cusick's permanent brief and I have to agree with you that the comments contained therein do not completely agree with the information furnished to me by Mr. Sullivan concerning Cusick's ability with paper work. Mr. Sullivan did advise me that during Cusick's assignment to the Central Research Desk he definitely indicated that his forte was not in handling paper and that he was primarily a field operations man, a leader of men.

I did note in an efficiency report dated March 31, 1959, Mr. Sullivan stated concerning Cusick that he was "a man thoroughly interested in Bureau work and administration, and in Mr. Sullivan's opinion, particularly adapted to field office administration and with more experience could be completely qualified for this type of work."

It would appear that Mr. Sullivan could have more fully and specifically described Mr. Cusick's aptitude in his efficiency reports.

Memorandum for Messrs. Tolson, Felt,
Sullivan, Ponder

August 2, 1971

I, at my home on Saturday, July 31, 1971, made my observations upon it and it was forwarded to Mr. Sullivan on the next working day which was August 2, 1971.

The statement which Mr. Sullivan made to Mr. Miller, as I previously indicated, paralleled in content the same lie told to the President concerning the Ellsberg case and in context it is certainly an arm-twisting of the Inspection Division as to what would be the consequences if the Inspection Division did not concur with the recommendations of Messrs. Sullivan and Brennan. I think we have far more important things to handle in the Bureau than to be carrying on an intraoffice feud as is indicated in this particular instance.

Very truly yours,

On the morning of September 8, 1971, Mr. [] relayed to me the Director's instruction that I was to prepare a resume of disagreements between Mr. Sullivan and other Bureau officials, with the results to include an interview with former Inspector []

I have talked to [] by telephone and have reviewed the personal file maintained in the Director's Office on Mr. Sullivan, as well as various other files and ticklers. While there may be other matters involving disputes and disagreements between Mr. Sullivan and other Bureau officials, they may be buried in substantive files and, therefore, not readily identifiable. The most striking disagreement between Sullivan and other officials has involved Bureau consideration of the expansion of Legal Attache (Legat) operations. Sullivan's change in attitude regarding the value and desirability of foreign liaison operations was discussed very completely in the Director's own memorandum of July 21, 1971. That matter is summarized below together with synopsis statements regarding various other disputes in which Mr. Sullivan has been involved.

FOREIGN LIAISON OPERATIONS

For a number of years, the FBI has provided, through its Legat Offices, what have been considered to be substantial contributions not only to the Bureau but, also, to the U. S. Government. Our operations have proved so productive as to prompt the President, in September, 1970, to request the Director to expand operations for the purpose of developing additional high-level intelligence. After the usual careful consideration and complete concurrence and recommendations of Bureau officials, including Mr. Sullivan, we opened 6 additional foreign posts in 12/70. Efforts in some have been highly productive and others are most promising.

Several months later, the President again expressed to the Director his desire for us to further expand our posts. In memorandums 5/27, 28/71, Domestic Intelligence Division (DID) advised the Director we were capable of meeting this new request by reopening 3 Legats and opening 3 new foreign posts.

Memo for Mr. Tolson

Re: Disagreements Involving Asst. to the Director Sullivan

After his return from leave, Mr Sullivan, on 6/7/71 prepared a memorandum in which he stated in part, "Would any real harm be done this Nation if we do not expand, and if a number of our current liaison offices were closed. . . ."

The Director subsequently asked him which offices he would close and in a six-page memorandum dated 6/16/71, Mr. Sullivan advised he felt Bern, Buenos Aires, Hong Kong, Madrid and Tokyo should be closed. With regard to the offices opened 6 months earlier in Beirut, Caracas, Copenhagen, La Paz, Managua and Tel Aviv, Sullivan said "I seriously doubt the value to date of all these offices because they are purely liaison and not operational." He recommended that they be permitted to operate for 6 months, at which time they should be thoroughly analyzed to determine if they were worth the money being spent; if not, all of them should be closed.

In this same memorandum, Mr. Sullivan under the heading "Views of Messrs. [] Dalbey and Felt," engaged in a personal attack on the above officials. To quote in part, he said, "It was somewhat more than mildly distressing and saddening to me to observe the lack of objectivity, originality, and independent thinking in their remarks. The uniformity and monolithic character of their thinking constitutes its own rebuttal. While I am certain it was not the intention of these important Bureau officials, who occupy unique roles, to create the impression in the reader's mind that they said what they did because they thought this was what the Director wanted them to say, nevertheless, it seems to me this is the impression conveyed."

b6

In regard to the above, the Director had asked Messrs. Felt, Dalbey and [] for their opinions on further expansion of our foreign liaison operations and all had the general feeling that if the President wanted our additional assistance, then we should respond accordingly to his request.

THREAT AGAINST []

In a confidential memorandum for the Director 6/15/71 [] related that on 6/10/71 Sullivan called and cursed [] for making observations to the Director regarding the expansion of Legats in opposition to Sullivan's position. [] interrupted what he described as a tirade by Sullivan and told Sullivan he could "go to hell." Sullivan called [] a few minutes later and said, "The next time you want to tell me to go to hell, I dare you to come to my office -- and be prepared for the consequences."

THREAT TO INSPECTOR E. S. MILLER

On 7/19/71 Sullivan had a chance meeting with Inspector Miller, who was then engaged in making a special survey of manpower required for the handling of [] (Ellsberg) case in DID. Sullivan told Miller that if any inspection of DID curtailed the manpower which should be put on the [] case and this resulted in

Memo for Mr. Tolson

Re: Disagreements Involving Asst. to the Director Sullivan

damaging or losing the case, the Inspection Staff must accept and share the responsibility and blame for the outcome. After this conversation was brought to the Director's attention Sullivan admitted the remarks attributed to him and attempted to mitigate the seriousness of the incident by pointing out that the conversation had taken place 15 days earlier. In a memorandum dated 8/2/71 the Director said he had made it distinctly clear that the Ellsberg case is to have top priority and "I do not welcome the constant harping upon its being lost by any administrative action which I see fit to take."

COMPLAINT REGARDING ANNUAL LEAVE

In memoranda dated 8/10 and 8/13/71 Sullivan took issue with existing instructions regarding the inability of Sullivan and Brennan to take annual leave until the [] and Ellsberg cases are "resolved." After considerable discussion of the meaning of the word "resolved" Sullivan stated that he could see no use in quibbling over words. The Director commented, "I certainly agree. Too much time has already been wasted by such quibbling." (Through the end of August, Sullivan had taken 13 days of Annual Leave during the current year; Brennan had taken none, and the average taken by members of the Executives Conference was 11 1/2 days.)

b6

CENSURE OF []

As a result of an unreasonable delay in getting to the Director a special memorandum which he had requested, Miss [] in Sullivan's Office was censured on August 13, 1971. Sullivan's memorandum 8/16/71 took issue with this administrative action, indicated it was the result of a possible misunderstanding, and suggested in the interest of justice and fairness that the matter be reconsidered with a view to cancellation of the letter of censure. The matter was resolved by the Director and no action was taken to rescind the administrative action.

SULLIVAN'S PERSONAL LETTER 8/28/71

Sullivan's personal letter to Mr. Hoover dated 8/28/71 is 3 pages in length, covers a number of disagreements which he has with the Director and many of the statements contained in the letter defy comprehension. In discussing his 30-year record Sullivan said he had consistently put the work of the Bureau above personal considerations and that his family will attest to this for they have suffered from his neglect. He added, "This I now realize was a mistake on my part." The Director's file containing personal correspondence with Sullivan is filled with Sullivan's statements regarding his loyalty to the Director and his appreciation for all that the Director and the Bureau have done for him and his family over the years.

His 8/28/71 letter indicates he has carried out the Director's instructions "even when I disagreed with them strongly." He again discussed his opposition

Memo for Mr. Tolson

Re: Disagreements Involving Asst. to the Director Sullivan

to the expansion of foreign liaison and seems to question whether the President has, in fact, requested that our foreign operations be expanded. He criticized the Director's actions in the case of former Agent [] in restricting the furnishing of information to certain newspapers and broadcasting companies, and the retention of SAC Moore on special assignment in Philadelphia in the [] case.

Sullivan's letter again brings up the question of annual leave for himself and Brennan and states that the Director's reason for not giving them leave (the [] and [] cases) "is not valid and you know it." He then discusses the health problems of his wife and children about which he seems to be greatly concerned. He concludes the discussion of his family problems with the statement that his wife and children regard the Director "as a very strange man."

b6

After making several disrespectful and inflammatory statements such as those described above, which appear to be not part of any logical argument but to express disagreement with the Director's policies in a most antagonistic manner, Sullivan states that his comments are not designed to irritate or anger the Director.

OBSERVATIONS:

A review of the Sullivan file maintained by the Director's Office indicates that until about a year ago Sullivan regularly wrote highly complimentary letters to the Director on all occasions of note expressing appreciation, agreement with and congratulations on the Director's actions, his personal observations on a wide variety of matters, and innumerable expressions of his complete loyalty and devotion to the Director and the Bureau. The number of such communications has been greatly reduced since Sullivan assumed his present position in June, 1970. His attitude seems to have undergone a change since the criticism directed at him following his remarks before the UPI Conference in October, 1970.

With regard to the proposed expansion of Legat operations, it appears Sullivan did an inexplicable and complete about-face in June, 1971, when, after advocating and approving Legat operations for a number of years as Assistant Director in DID and Assistant to the Director, and having in the past personally inspected and approved Legat offices, he suddenly expressed adamant opposition to many of our Legat operations and was unwilling to accept the elementary proposition that if the White House desired an expansion of our efforts in this area we should comply. In expressing his opposition he engaged in a personal attack on other officials who disagreed with him. When he accused Felt, Dalbey and [] of "monolithic thinking" he was in effect taking issue with the President, the Director, Dr. Kissinger, and any others who did not share his suddenly changed opinion of our Legat operations. A six-page memorandum which he wrote at that time contains numerous sweeping generalizations and not the evidence of logical

Memo for the Director

Re: Disagreements Involving Asst. to the Director Sullivan

reasoning and analysis which should be expected of one with his long experience in the intelligence field.

The position taken by Sullivan and the attitudes expressed by him regarding expansion of foreign operations, his encounters with [] and Miller, and particularly the inflammatory and unfounded comments in his personal letter to the Director 8/28/71, suggest that he is acting on the basis of emotion rather than on sound judgment. He has reacted to differences of opinion with personal attacks on other Bureau officials and impugned the motives of those who disagreed with him.

b6

While I do not presume to be capable of making a psychiatric evaluation of his behavior, a review of all these matters leaves ^{not} the unbiased observer with the feeling that Mr. Sullivan has in recent months displayed the kind of emotional stability which should be expected of a man in the important position which he holds.

Dear Mr. Sullivan:

I am in receipt of your letter of September 5, 1971, in which you indicate that you are desirous of taking leave from September 13 through the 17th, in order to spend the time with your family in New Hampshire. I also note the addendum that in view of the leave which Mr. Donahoe and Mr. Conrad have applied for, you desire that your leave for five days start September 27 through October 1.

May I suggest that you go on annual leave starting September 13 and extend it through October 1. Mr. Rosen may act in your place during your absence and the absence of Mr. Conrad, of course, will be taken care of by his Number One Man.

September 5,

PERSONAL ATTENTION

Dear Mr. Hoover,

Please refer to your letter to me of September 3, 1971.

Thank you for giving the matter under discussion your time and careful thought. As you will recall I expressed my appreciation to you a few days ago for calling me to your office for a talk. At this time I wish to also express my appreciation for the frankness of your letter.

Like many others I have given thirty years of my life to the FBI. I do not need to elaborate upon the fact that I am fond of this Bureau and have greatly enjoyed my work. You are fully aware of this.

Sooner or later most all of us must retire. It is inevitable that we come to this crossroads and a decision has to be made. It is a major decision in ones lifetime and I know you would not want any of your employees to make it in haste or "on the run." It should be done with reflection and prudence.

You have mentioned in your letter my taking "leave." In view of this I would like to take five days off (September 13 through the 17th) and spend the time with my family and the quiet and peace of the mountains of New Hampshire. In this wholesome atmosphere I will give this extremely important issue the most searching analysis of which I am capable. On my return I will immediately advise you of my decision.

My leave request will be submitted under separate cover. Unless I hear to the contrary I will assume this meets with your approval.

Thank you again for your letter and consideration.

Sincerely yours,
William C. Sullivan
William C. Sullivan

ADDENDUM:WCS

— On going to the Office yesterday I learned that Mr. Sterling Donahoe will be on annual leave next week and Mr. Ivan Conrad will be on leave until the 24th. In view of our rules I cannot take leave in this period. Therefore I will submit my leave for 5 days to run from September 27th through October 1, 1971. I am sorry about the delay.

Miller, E.S.

In view of the communications I have had with the Director, it is obvious that he has a very strong preference for my taking annual leave beginning next week.

In view of the fact that Assistant Directors Rosen and Conrad are scheduled for leave, along with Mr. Donahoe of this office, I have been most reluctant to take leave next week. However, if the Director wants me to do so, I am always amenable to his wishes wherever possible. Therefore, there is attached a leave slip requesting annual leave from 9:00 a.m., Monday, 9/13/71, through 5:30 p.m., Wednesday, 9/29/71.

It will be noted that this is two days less than the Director recommended. This is made necessary in view of the fact that I do not have 15 days leave left to take this year. When I use up the 13 days requested in the attached leave slip, that is all I have to take (apart from the "carry-over" leave which I have no reason to utilize at this time).

I suggest that the leave slip be approved as it stands. The Director has made his point--Mr. Sullivan can have annual leave and he can have all that he wants. The difference between what is now requested and what was offered is only two days and I think that is too little to warrant any fight or disagreement.

THE EXECUTIVES CONFERENCE

In attendance at the Conference on 10/1/71 were Messrs. Rosen, Mohr, [] for Bishop, Callahan, [] for Casper, Conrad, [], Miller, Tavel, [], Soyars and Felt.

b6

It was pointed out to the Conference that on 8-31-71 W. C. Sullivan saw the Director and stated that a few days before "a high official of the Bureau" complained to him, Sullivan, about the way the Bureau was being operated. According to Sullivan, this individual refused to allow himself to be quoted to the Director or identified. On 9-30-71 Mr. Sullivan was again interviewed by the Director. On that occasion Sullivan referred to the Executives Conference on 9-1-71, when it had been made crystal clear to members of the Conference that when matters are referred to them for review, initialing of the item indicates their complete approval of the contents and recommendations, without reservation. At this Conference, Mr. Sullivan had vigorously argued the untenable position that if he approved of a memorandum to the extent of 51% he initialed the same and that initialing did not necessarily indicate 100% acceptance. At that Conference he was emphatically straightened out by Mr. Tolson. Sullivan told the Director on 9-30-71 that after the Executives Conference on 9-1-71 two of the officials in attendance approached him indicating that they were in complete agreement with his position and that they had been doing the same thing. Sullivan refused to identify the officials allegedly making such statements to him.

All those present were polled and all denied that they had made any of the remarks referred to by Sullivan. (Assistant Directors Casper and Ponder are out of the city and will be polled concerning these matters on their return.)

It was emphasized to the members that the Director wanted each official to express his views and, particularly if anyone has a complaint or disagreement, the Director has a right to hear about it and the official has a duty to so inform the Director. It was pointed out that the President and the Attorney General expect the Director to run the FBI and after the Director has heard all sides and made a decision the officials must support him or get out.

It was also made clear to the members of the Conference that the number of incentive awards being submitted for meritorious performance of duty must be drastically reduced. It was pointed out that the Director was to personally approve all such awards.

Sullivan removed part of his books from his office yesterday afternoon. He requested to return last night for the remainder, which were all in boxes.

Sullivan came into the Court Yard with his car, and Bureau personnel took the boxes down to him. He did not enter Bureau space and a 24 hour guard was on duty in Mr. Rosen's Office.

Indicative of Sullivan's attitude is the fact that he sent back the autographed color portrait which you gave him, saying that he did not want to retain it.

Dear Mr. Sullivan:

Since you have not as yet responded to my suggestion in my letter of September 3, 1971, you are hereby being relieved of all duties as Assistant to the Director at once and placed on annual leave pending your submission of application for retirement.

I deeply regret the occasion to take action such as this after so many years of close association, but I believe it necessary in the public interest. Your recently demonstrated and continuing unwillingness to reconcile yourself to, and officially accept, final administrative decision on problems concerning which you and other Bureau officials so often present me with a variety of conflicting views has resulted in an incompatibility so fundamental that it is detrimental to the harmonious and efficient performance of our public duties.
